Oocytes (eggs) and embryos often require a specific thawing kit which matches with the kit used to freeze them. If your oocytes or embryos require a CE marked kit which Rotunda IVF does not normally stock, a specific kit will have to be purchased each time you have a thaw performed. As this will only be used for your samples, we must unfortunately make a charge for this of €250 each time. If you are thinking of shipping your samples to Rotunda IVF and have questions regarding this, please contact us on info@rotundaivf.ie”

Applicable refunds for IVF / ICSI:

If no Oocyte recovery (egg retrieval) procedure takes place (non-refundable charge of €700)	€3700 IVF
If no Oocyte recovery (egg retrieval) procedure takes place	€4200 ICSI

If no embryo transfer procedure takes place €600

No donor sperm fees can be refunded if sperm has been ordered.

Blastocyst fees will not be refunded if any embryos are cultured beyond Day 3.

No refunds other than those stated will be issued.
